

# *Audio Production & Sound* *Equipment* **Dick Rees**

**AUDIO PRODUCTION & SOUND EQUIPMENT:** This class will present an overview of sound system application from input to output with emphasis on real-world conditions. This will include techniques for musicians as well as those tasked with mixing. Questions from participants are encouraged.

**DICK REES:** along with producing and recording St. Mary's Balalaika Orchestra's first two CD's has been a professional musician since 1968 and sound man along the way. Full-time at sound tasks since '02 covering live sound, broadcast and recording as well as system design and implementation. Dick will also be recording and producing this year's Festival Of Russian Music Concert CD.
